

# PROJECT LINUS VOLUNTEER OPPORTUNITY

The Greater Boston Area Chapter of Project Linus (a national volunteer organization) is looking for volunteers to knit, crochet, quilt, or hand-tie "security blankets" for children in area hospitals, and other children suffering abuse or trauma, and in need of comfort. Other ways to help are:

## **Donate supplies.**

Donate fabric, yarn, thread, batting, thank you notes, postage stamps, paper, gift certificates to craft or office supply stores, etc.

## **Deliver blankets.**

We need people to deliver blankets to hospitals or other recipients. Please contact us if you are able to help!

## **Tax-Deductible Contributions.**

Monetary contributions and memorial donations help defray the costs of our 100% volunteer effort

New blankets in any size and pattern, up to 40" by 60", in baby, child, and teen-friendly colors, made of machine washable and dryable materials, are needed. Their goal is to provide a blanket for every child in need of one.

For more information, or to find out how to donate,  
Please e-mail us at:
